BOSTON, Aug. 20, 2013 /PRNewswire/ -- AVID Technical Resources has been recognized once again by the Inc. Magazine as part of their Inc. 500/5000 list. This is AVID's third year making it into this exclusive ranking of the nation's fastest-growing private companies. The list is comprised of companies of high caliber and national recognition, including Microsoft, Under Armour, Jamba Juice, and Dunkin' Donuts. AVID Technical Resources is proud to be part of Inc. 500/5000's celebration of independent entrepreneurial success; a key force in America's recovering economy.

AVID Technical Resources ([www.avidtr.com](http://www.avidtr.com)) is a leading contract and permanent IT recruiting company. Headquartered in Boston, Massachusetts, AVID specializes in placing contractors with an applications development or infrastructure support background. AVID works with a wide client base ranging from small businesses to Fortune 500 companies that stretch across numerous vertical markets (including Finance, Government, Technology, Healthcare and Higher Education).

Company President, Brian Tomasello, attributes AVID Technical Resources' continued growth despite an epic recession to the firm's strategic and dynamic approach. "We focused on strengthening our team and taking over market share during the downturn. Coupled with our dynamic approach to business, where we continually adapt our game plan based on market conditions, we continue to drive the company forward."

AVID Technical Resources was recently recognized by The Boston Business Journal as one of the region's largest Temporary Placement Firms in the Massachusetts area for the sixth straight year. The company has also garnered numerous other awards and recognition in Forbes Magazine, a spot on Inc. Magazine's List of America's Fastest Growing Private Companies, and the 2012 Boston Award in the Employment Agencies category by the U.S. Commerce Association.

In the ten years since its inception, AVID Technical Resources has expanded its reach from local to national, with offices in Marlboro, Massachusetts, Rhode Island, New York, Los Angeles and San Diego. The company plans to expand into additional markets in late 2013 and early 2014.
