Boston Business Journal's Annual Pacesetters Award Honoree

BOSTON, March 12, 2012 /PRNewswire/ -- The Boston Business Journal has named AVID Technical Resources as one of the region's fastest-growing private companies in its sixth-annual Pacesetters Awards. The honor

recognizes the IT recruiting company's significant growth in revenue over the past three years despite the economic conditions.

AVID Technical Resources made the Pacesetters list based on information gathered and assessed by the Boston Business Journal that detailed the company's performance from 2008 to 2011. To make the list, a company must report annual revenue growth of at least 10 percent over a three-year period. This is the 5th consecutive year that AVID Technical Resources has made the list, making them one of the few companies in the state of Massachusetts ever to receive such an honor.

AVID Technical Resources (www.avidtr.com) is one of the nation's leading contract and permanent IT recruiting firms. Headquartered in Boston, MA, the company has made thousands of local and national placements for clients ranging from small businesses to Fortune 500 companies.

"Through the toughest economic market our nation has seen, our company grew in revenue, expanded our team and even opened additional offices across the United States," said Principal Owner, Brian Tomasello. "This says a lot about our company and where we're headed. Most important, it's a direct reflection of all of our hard work."

Since AVID's inception in 2003, the company has grown to be among the leading IT recruiting firms in the nation. This explosive growth has led to a number of awards and recognition. Inc. Magazine recently listed AVID on their exclusive Inc. 500/5000 Fastest Growing Privately-Held Companies in the US for the second straight year.

"Fast-growing private companies are at the core of Boston's economic strength," said Chris McIntosh, publisher of the Boston Business Journal. "Our Pacesetters list is a celebration of local innovation and business leadership."
